### A GLACIAL PHENOMENON.

A Glacier Makes Its Appearance on a Hillside Back of Dawson, in the Klondike.

Seattle, Wash., April 18.—Dawson arrivals on the steamship Humboldt say the Klondike is in the throes of a glacial phenomenon. Two months ago a glacier made its appearance on the hillside back of Dawson. The ice of the glacier is from 12 to 15 feet thick in places, and besides rendering that section of Dawson uninhabitable, it threatens to render the trail leading to the cemeteries impassable during the summer. Such a result, it is predicted, can be averted only through the construction of a series of culverts and ditches, as the broiling summer sun will keep torrents of water flowing from the ice mountain.

### FIRE AT BIRMINGHAM, ALA.

The Birmingham Railway, Light & Power Co.'s Car Barn, and Thirty-Five Cars Burned.

Birmingham, Ala., April 18.—Fire destroyed the car barn of the Birmingham Railway, Light and Power Co., 35 trolley cars, the Third Presbyterian church and parsonage, and half a block of cottages adjoining. The total loss is estimated at \$75,000, covered by insurance. The origin of the fire is not known.

### RUSH FOR PLACER DIGGINGS.

Revival of Mining in the Rock Creek Placer Diggings in British Columbia Causing a Rush.

Vancouver, B. C., April 18.—Another gold rush is now causing some excitement in the boundary district of British Columbia. During the past few days Rock Creek and its tributaries have attracted more placer gold hunters than can stake claims. In the early sixties the Rock Creek placer diggings yielded large returns, and the revival of the mining now is the result of recent gold discoveries below the historic White's bar on this creek.

The Danish Government Earnestly Considering Uncle Sam's Latest Proposal.

Copenhagen, April 18.—The government is earnestly considering the recent somewhat modified proposal with regard to the sale to the United States of the Danish West Indies, which is considered likely to lead to a satisfactory termination of the negotiations. Official circles are of the opinion that the two governments are now nearer an agreement than they have been at any previous time.

### LIKE A POLITICAL MEETING.

Unseemly Conduct During the consecration of Rt. Rev. Ingram as Bishop of London.

London, April 18.—The scene in Bow church during the consecration of Rt. Rev. A. F. W. Ingram as bishop of London, resembled a political meeting rather than a religious service. John Kensit, the anti-ritualist, entered a protest against the appointment. He spoke for a long time in a loud voice. His remarks caused an extraordinary uproar, and he was greeted with cheers, hisses and shouts of "order," "shame," "no popery," etc.

### Treasury Officials Alarmed.

Washington, April 18.—Treasury officials are becoming alarmed over the tenacity of the bull fever in the New York stock markets. It is feared that over-speculation, if much longer continued, will result in a panic in which the business interests of the country generally will suffer.

### Drowned Himself.

## THE LEGISLATURE.

Senator Eldridge of Memphis, Springs Sensation.

Accuses Ex-Comptroller James A. Harris of Attempting to Bribe Him.

Special to the Herald.

NASHVILLE, April 18.—Senator Eldridge, of Memphis, precipitated the sensation of this session of the Legislature in a speech at noon today, in which he accused ex-State Comptroller James A. Harris of offering him \$500 to vote for the bill to allow the Tennessee Central Railroad to come into the Nashville Terminal Association.

Mr. Harris denies the charge. A committee will be appointed and the matter investigated.

Great excitement prevails in the legislative circles concerning the matter.

Temperance Question Causes Oratory in the Senate.

NASHVILLE, April 18.—Yesterday was one of the busiest and most important days the Senate has had for a week or more. There was oratory to burn and while a good deal of speech making was indulged in, there was nevertheless a good deal of business transacted during the day.

The subject that consumed the most time in debate was the measure of Mr. Lasater to repeal the charter of Athens. The bill on this question was called from the committee on municipal affairs on Monday, the committee having had the bill in its possession for more than five days. It was the same over which Messrs. Lasater and Peake had a wrangle last week.

When Mr. Lasater called the bill up yesterday Mr. VanDeventer made a motion to re-refer the bill, as some people wanted to be heard on it.

This motion brought forth a fervent speech from the author of the bill. He said the best people of Athens wanted the bill and the whisky crowd was attempting to defeat the measure by corrupt means.

Mr. VanDeventer's motion prevailed, and the bill was re-referred. Another bill which brought up the temperance question was the measure to allow towns to surrender their charters on a majority vote of the people. The contest was a regular Peeler bill scrap. Mr. Seay leading the fight for the measure. The bill failed by the following vote:

Ayes—Byrns, Caldwell, Claiborne, Cochran, Erwin, Gamble, Houston, Lasater, Seay, Sharp, Thompson, Tillman, Turner of Gibson, Turner of Humphreys, Wardfield, Speaker White—16.

Nays—Beane, Cox, Davis of Hancock, Davis of Morgan, Drennon, Eldridge, Fryer, Greer, Johnson, McCorkle, Peake, VanDeventer, Williams—13.

Absentees—Butler, Howell, Greer—3.

Not voting—Swafford—1.

Mr. Seay changed his vote in order to have entered on the journal a motion to reconsider action.

The consideration of the dog law passed by the House caused another lengthy debate. Many members expressed a willingness to accept the bill for fear they could get nothing better from the lower branch. Others wanted to stand pat and return the Tillman bill and place the responsibility of killing the bill on the House. Upon a motion of Mr. Davis, of Morgan, the Senate bill was substituted and returned to the House.

The Library Commission bill was called up under a special order. The bill provided for a commission to be composed of the Governor, Chief Justice and Attorney General, and they were authorized to elect a Librarian for a period of four years.

An effort was made to kill the bill with amendments, but it passed by a safe majority.

The House considered two election laws yesterday morning, and passed both by bare majorities. One was to amend the law of 1897 so as to prevent anyone from approaching nearer than 39 feet to a person while he was preparing his ballot. The other was to apply the Dorch law to wards in towns having a population of 750 and upwards, and in civil districts in counties having a population of 15,000 and upwards.

The Senate bill to accept the work of Dr. A. Gattinger on "The Flora and Fauna of Tennessee" went through the House by a bare majority. An appropriation of \$650 was made for printing and distributing this work.

Gov. McMillin transmitted a message, recommending that some steps be taken towards making an exhibit at the St. Louis Exposition.

### The Insurance Penalty Bill Passes Both Houses.

Special to the Herald.

NASHVILLE, April 17.—The insurance penalty bill to-day passed both houses as amended in the House.

The Forest Reserve Bill passed the Senate after being amended so as to limit it to a strip twenty miles wide along the North Carolina line.

### The L. & N. Wins.

NASHVILLE, April 17.—The hardest fought one day's battle witnessed during the present session of the Legislature was the contest yesterday in the Senate over the Baxter terminal bill. The speechmaking on the bill lasted the entire day, and when the roll was called late in the afternoon the measure failed by a vote of 13 for to 16 against. A motion was made to reconsider action, but it is considered by many that yesterday's vote finally decided the battle of the Tennessee Central Railroad to gain entrance into the terminal station by a mandatory legislative enactment. The vote was as follows:

Ayes—Byrns, Davis of Morgan, Fryer, Gamble, Houston, McCorkle,
